TRAFFIC COMMISSION MINUTES
January 15, 2013

The Traffic Commission of the City of Fulton, Missouri met in regular session at 10:00 a.m. on Tuesday, January 15, 2013. The meeting took place in the Executive Conference Room on the top level of City Hall.

ROLL CALL
Those present included: City Engineer, Greg Hayes; Police Major Roger Rice; Traffic Control Supervisor, Jason Woods; Engineering Administrative Assistant, Jeanie Buschjost.

VISITORS
Gary Felkner, Street Supervisor.

APPROVAL OF MINUTES
Jason Woods made a motion to accept the minutes of the last Traffic Commission meeting held on November 20, 2012. Officer Rice seconded. Motion passed.

OLD BUSINESS

1. Removal of “STOP” signs at Railroad Crossings
   Jason Woods reported that all Stop signs have been removed from the Railroad Crossings on St. Eunice Road, Industrial, Westminster, and Ewing. There were Cross Bucks already in place at St. Eunice, Industrial, and Westminster, so the City will maintain the warning signs and paint on the pavement.

2. Southwinds Drive
   Jason Woods reported that the speed trap has been set up on Southwind. Officer Rice commented that the police are ready to begin issuing speeding tickets.
NEW BUSINESS

1. **ONE WAY** on 6<sup>th</sup> Street (West Bound, Jefferson to Westminster)
   Jason Woods recommended this change in traffic flow. Several of the Street employees had brought it to his attention that it is difficult to get the snow plow through with cars parked on the north side of the street. Jason proposed that it become a one-way westbound street. While discussing this, a suggestion was made to make it a "no parking on either side." After more discussion, Greg Hayes made a motion to send out a survey to the homeowners on this section of 6<sup>th</sup> street asking their input as to whether they would want a "one-way" or "no parking" street. Greg also suggested we send a copy to Westminster College as a courtesy. Jason Woods seconded the motion. Motion carried.

2. **NO PARKING** along 10<sup>th</sup> Street (North Side, Nichols to Jefferson)
   Jason Woods recommended making this change to 10<sup>th</sup> Street. Everyone agreed that it would be an easy fix to the problem of the road narrowing when cars are parked on either side of the road. Jason explained that he would only have to put up three "no parking" signs. Greg Hayes made a motion that a recommendation be made to the City Council to make the North Side of 10<sup>th</sup> Street from Nichols to Jefferson "No Parking." Officer Rice seconded. The motion carried. All agreed that a courtesy letter to homeowners would be sent out letting them know of the Traffic Commission’s intentions.

3. **NO PARKING** along Bluff Street (Both Sides, North of 6<sup>th</sup> to 5<sup>th</sup>)
   Greg Hayes wanted to bring to the attention of the Committee that Calvary Baptist Church is trying to make a parking lot across from the church on East 6<sup>th</sup> Street (next to 519 E 6<sup>th</sup>). Once the Church has secured the parking lot, an effort will be made to make Bluff Street between 5<sup>th</sup> & 6<sup>th</sup> a "no parking" street. No action is necessary at this time. Greg just wanted to make the Committee aware of possible actions at a future date.

**Adjournment**
Jason Woods made a motion to adjourn the meeting. Officer Rice seconded. The motion carried.
